

I once met a chicken named Louise.
She just loved to travel. Yes, yes she did.
She said she felt _____ whenever she was on an
adventure. One time, she was [with pirates, at a circus, visiting a bazaar,
back at this farm] and she said it felt _____. I always
thought that music full of [motion-stasis, unity-variety, sound-silence,
tension-release, stability-instability] should have been playing as she described what
happened on that trip. Just imagine how (two variation techniques) _____
and _____ could have brought that story to life!

Can you hear it? Well, you go right ahead.

Draw the music that you imagine fitting that adventure
in this space, right here, just in front of me.

I'm looking forward to seeing it...
